the nest by KNOWHOUSE

The Nest is an exclusive collection of 15 upmarket apartments and penthouses in Grand Bay, in the north of Mauritius. They are wonderfully located, providing the ultimate in outdoor living in the heart of a tropical oasis and within walking distance to one of the most coveted beaches of the island.

Blessed with a sunny, warm and enjoyable climate year round, the development promises to raise your living experience to new heights of luxury.

These lavish homes are sold off-plan under the VEFA scheme and come with a performance bond (GFA), a ten-year construction guarantee, first-class after-sales service with a dedicated response team and other assurances to ensure you feel confident in the value of your asset.

On top of that, foreign homeowners and their dependents are also eligible for a permanent residence permit on acquisition of an apartment or penthouse worth at least USD 375,000. The permit will remain valid as long as they retain ownership of the property.

location Grand Bay

The Nest is located off the main road and away from the hustle and bustle while still enjoying the convenience of being right next door to the region's exciting lifestyle.

Fringed by crystal blue waters and pearly white sand, Grand Bay is a favourite spot for beachgoers and water sports enthusiasts. This coastal hot spot is a favourite among locals and tourists alike, offering some of the island's best fine dining, high-end shopping venues and day and night entertainment – and even a superb 18-hole championship golf course.

Homeowners will also have access to nearby cultural, historical and natural points of interest.

Pool View

At any time of the day, the area around the generously-sized infinity pool framed by parasols and loungers is the perfect place to relax and unwind. The fibreglass finish adds a touch of elegance to the design.

Entrance View

The Nest is a modern and stylish two-storey complex with lift access that takes full advantage of a prime location for the ultimate in island living.

master plan The Nest

The Nest consists of three blocks of four apartments and three exclusive penthouses with three bedrooms and two bathrooms each. The design and concept are environment-friendly and key features include two private parking spaces per apartment with charging stations for electric vehicles and optional carports, an infinity pool, a barbecue area, pétanque courts, an orchard, an organic garden as well as a security post at the entrance and CCTV surveillance for your peace of mind.

- 1 security post
- 2 technical
- 3 2 private parking per apartment
- 4 a bio garden
- 5 an overflowing pool
- 6 a petanque course
- 7 BBQ area

Penthouse Living Room

Designed with open layouts and spacious living areas, The Nest boasts many special features like large terraces, high ceilings, air conditioning and optional Jacuzzi in the penthouses. Each detail has been thoughtfully curated to create a unique experience and an inviting feeling.

Penthouse Bedroom

Each bedroom has been carefully crafted for your utmost comfort. Interior amenities include dressing rooms, ceiling fans with provision for air conditioning installation and floor tiling from Spain. The bathrooms are also fully fitted with premium quality equipment.

Garden View

Swathed in unique natural beauty, The Nest allows homeowners to retain their privacy and independence in a safe and welcoming setting. This low-density development covers only 17% of a 6,730m² plot. There is a large private garden on the rest of the site, providing a fun and unique space for family picnics, to go for a walk to escape the daily routine and why not have some more fun enjoying a leisurely game of pétanque. It also invites you to spend long summer and winter evenings outside, sharing quality time and refreshing moments around a barbecue with family and friends under an authentic thatched kiosk.

kitchen specs The Nest

All the apartments and penthouses are equipped with exclusive customised kitchens by the number one Italian brand, LUBE, to create a unique home environment. The open-plan setting features a modern, functional and customisable concept that perfectly blends excellent design and selected materials. From the doors and lights to the counters and much more, we chose top-end appliances and accessories to create your dream kitchen. Built-in cupboards supplied by our sister company, Nextep Home Solution and their trusted supplier are also included.

The Nest deco pack

The Nest's unique and modern deco pack options have been put together by Nextep Home Solution in close collaboration with renowned interior decorators and designers across the country. Combining aesthetics with functionality and comfort, the choice of furniture and products is aligned with the property's overall concept and architecture.

property management

The Nest's apartments and penthouses are an excellent choice for a primary or secondary residence. They also make for an excellent property investment. Savvy investors can rely on LOV., a leading Mauritian hospitality management company providing comprehensive property management services incorporating 5-star concierge, short-, medium- and long-term letting options, mainly to high-end clients.

landscaping

The landscaping at The Nest has been elaborately planned by a specialist to provide you with the best home and garden experience. The vast garden covering more than 80% of the land consists of an orchard with a variety of fruit trees and an organic vegetable garden, which makes it a unique opportunity for health conscious homeowners.
